

The 2009 vintage has turned out to be quite a fine one. The summer was warm, but not hot and during harvest the days were sunny & the nights cool, which contributes to good flavour development in the grapes & good retention of the flavour during picking. This style of wine works wonderfully well in Margaret River and under screw cap closure will drink well for at least 2 years.

VARIETY	Sauvignon Blanc 51%, Semillon 49%	REGION	Margaret River
