

The 2010 vintage turned out to be a fine one. The summer was warm with some hot weather around harvest, which brought on a flurry of picking with all the white varieties picked over a 10 day period. The lead up to harvest was ideal from a weather perspective & this contributed to good flavour development in the grapes, with excellent retention of natural acidity, which helps to make the wines finer and longer. The wine is best enjoyed in its youth but will drink well for at least 2 years from vintage.

VARIETY	Sauvignon Blanc 53%, Semillon 47%		
VINTAGE	2010	REGION	Margaret River
PICKING DATE	2 to 6 March, machine & hand picked	BOTTLED	July 2010
